We invite you to join us as much as you desire and we promise to take care of every little detail, to ensure your event is seamless, mindful and memorable in every sense.

From recycled paper, to watering cans to dispose of unused water outside event spaces, allowing us to keep the greenery alive, stress balls in event spaces and mindful colouring books in coffee spaces. Little touches keep delegates entertained yet focused, of course with the environment in mind.

## SIGHT

As delegates spend most of their day in the event spaces, we've brought these spaces to life in line with the theme. Think green plants and a homely comfortable décor to create a pleasant atmosphere to be in.
