at the Element Boston Seaport

## An energizing place to meet

At Element Hotels, we've created a place where our guests can thrive. Our spaces are open and bright, with clean, urban-inspired design and oversized windows. We give our guests everything they need to be more productive and make it easy for them to work hard and play hard, to be well and rest easy.

Our spacious meeting rooms are energizing, vibrant spaces that can be customized for both business meetings and social events, with modular furnishings, a flexible layout and well-designed seating. Features like state-of-the-art A/V technology, large flat-panel HDTV, all-in-one connectivity station and easy-access power outlets help polish every presentation, while a white board wall and complimentary wired and wireless high-speed Internet access keep everyone connected.

We've made our guestrooms spacious too, welcoming guests to unwind and recharge before or after their meetings. Designed to awaken the senses, they're airy and inviting, flexible and functional, and full of natural light. Guests have everything they need with our signature Heavenly® Bed, spa-inspired bathrooms, oversized closets, ergonomic workspaces, state-of-the-art entertainment and fully equipped, energy-efficient kitchens. Here, our guests can maintain the rhythm of their lives, whether they're here for a few days or a few weeks.
