WELCOME TO SCANDIC CROWN YOUR CITY CENTRE OASIS

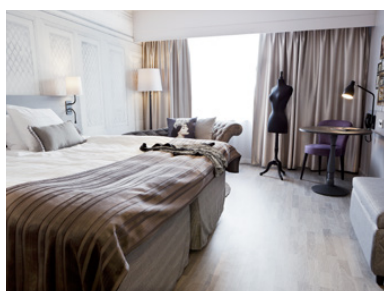

Scandic Crown offers 26 meeting rooms on its dedicated conference floor. The functional and flexible rooms are ideal for conferences, dinners and events. The rooms vary in size, providing capacity for 2–400 people, whatever the purpose of your meeting. The largest meeting room, Dalén, is a unique venue that can also offer banquet seating for up to 250 people. The newly refurbished breakout areas are great for mingling, exhibitions and workshops in conjunction with events – a unique facility in central Gothenburg.

Social interaction requires energy and alertness. Scandic Crown offers a range of catering options and the lunch buffet is available as a networking variant for those who want it. And then there is Scandic's new Taste Break concept with inspiration from around the world.

If you require a more personal meeting, there is always the hotel's bar or lounge, which are natural starting points before moving on to the hotel's inviting brasserie. The menu on offer here combines classic Scandic cuisine with new urban flavours. And if you want accommodation, Scandic Crown has 338 guest rooms.

With its central location, Scandic Crown is never far away. The hotel is a mere 5-minute walk from Gothenburg Central Station, and with its city centre location Gothenburg's many attractions are always within easy reach.

Welcome to your city centre oasis!
