Hello from Universal Live!

We are a single source of technical production for the live event industry. We help you to motivate, congratulate, inspire, celebrate with and communicate to your audience.

Working in partnership with QHotels, we provide technical support from initial planning right through to delivery. We are dedicated to ensuring your event is a success.

We provide a comprehensive equipment inventory, experienced crew, production backup and a can do attitude.

Our clients includes Event Management, Production, Communication, Brand and PR Companies to whom we provide peace of mind that we will deliver on time, within budget, safely and to a high standard.

With branches in Bradford, Manchester, Rugby, and Cardiff, we work throughout the UK, Europe and beyond. Since 1990 we have been providing a complete technical solution for events whatever the size, format or location.
