## FISHERMAN'S VILLAGE

5 minutes from W Koh Samui, Fisherman's Village is a picture perfect beachside area with a French twist. Every Friday night the main thoroughfare is blocked off to vehicular traffic to make way for lively foot traffic and stalls selling everything from coconut carved monkeys to street mojitos.

## CHAWENG BEACH

15 minutes from W Koh Samui, Chaweng beach offers nightlife, in-outdoor restaurants and shopping opportunities. During the day one can relax on the beach, enjoy some water sports or other activities while at night Chaweng transforms into a bustling entertainment area with live music, cabaret shows, dance clubs and dining experience not to be missed.

# INDEX

An aerial photograph of a resort complex. In the foreground, there is a wide, sandy beach that curves along the edge of clear, turquoise water. A large, white, stylized letter 'W' is visible on the sand. Behind the beach, a dense line of palm trees separates the shore from the resort buildings. The resort consists of several multi-story buildings with balconies, some of which are built into a hillside. In the background, there are more hills and mountains under a clear blue sky.
