that are unrivalled.

A cordial invitation to settle into a relaxing environment.

Traube Tonbach is run personally by proprietor Heiner Finkbeiner and his wife Renate, together with their sons Matthias and Sebastian. And you will feel the family touch in the quality of every last detail. The result is a hotel with a feel-good ambience, unrivalled cuisine and a Spa & Resort that makes for a perfect, relaxing break. So set your suitcases down, enjoy the view and take a deep breath.

*The ambience of Traube Tonbach
is created by amply sized
rooms, affectionate details
and modern fittings.*

Whether you opt for a suite in classic Black Forest style or one of our modern rooms in Haus Kohlwald – wherever you go you will find the very finest in interior decor culture. And the view of the magnificent Black Forest from your window is all part of that sense of relaxation.

Clear lines, elegantly integrated in the natural surroundings, and above all luxurious feel-good spaces. This is Haus Kohlwald.

Haus Kohlwald. A new interpretation of luxury.

Haus Kohlwald demonstrates what luxurious living is like in the 21st century. Generously sized family apartments, lots of light, an uncluttered view – and of course spa facilities with everything the heart desires.

Menus you will be telling your grandchildren about.

Culinary delights are part and parcel of true relaxation and pleasure. This is why it goes without saying that our restaurants likewise offer guests the very highest quality. Ranging from lentils with *spätzle* through to exquisite set meals.

The creative genius of the Schwarzwaldstube: Torsten Michel.

Insiders regard Baiersbronn as the gourmet capital of Germany. This is not least due to our Schwarzwaldstube, which has been awarded three stars in the Guide Michelin ever since 1993 – a record that is unequalled in Germany.

Meanwhile our Bauernstube and Blockhütte also have plenty to offer for those who prefer more down-to-earth fare. For example a hearty rural snack – the perfect way to round off a walking tour – or Swabian ravioli that taste just like Grandma's, or perhaps even that little bit better.

The Schwarzwaldstube: world-class cuisine.

There's little to say about our Schwarzwaldstube that hasn't been said often enough before by gourmets from all over the world. Chef Torsten Michel will be pleased to whisk you away on a culinary journey of superlatives: look forward to an experience of taste that really does deserve that name.

*Whether set meal or à la carte,
an evening at the Schwarzwaldstube
is unforgettable. Every time.*

From *amuse-bouche* through to dessert – every single element of your meal is a culinary treat of unimagined depth and flavour. But the best way to find out what really makes these creations so special is to take a seat at a table in our hallowed halls.

*The atmosphere is rustic.
Excellent regional cuisine is served.
That's our Bauernstube.*

The Bauernstube – affectionate attention to detail.

Reinterpreting Swabian cuisine:
chef Florian Stolte.

Tradition interpreted the modern way. Köhlerstube and Bauernstube.

Outstanding cuisine, an elegant setting and first-class service – this is what the Köhlerstube has to offer under the direction of chef Florian Stolte. Here you can look forward not just to culinary delights of the region prepared to the very highest standards but also a superb view of Tonbach valley.

Elegant and rustic with a view of the Black Forest – the Köhlerstube.

In addition to the elegant Köhlerstube we also have the Bauernstube – a down-to-earth farmhouse parlour in the best sense of the word, in both name and nature. Under Florian Stolte's direction, Swabian classics are transformed into genuine culinary experiences.

Restaurant Silberberg. Half board redefined.

At Restaurant Silberberg we indulge our guests with a lavish breakfast buffet and set meals that vary from one evening to the next. What is more, you can look forward to a gala menu every Saturday featuring five top-quality courses.

Culinary director Jürgen Reidt and the service team can be relied on to provide excellent cuisine, select wines and highly pleasurable evenings.

The Blockhütte. This is a place you simply never want to leave.

Whether coffee and cake or a typical Schwarzwald-style *Vesper* – savoured in the fragrant forest air, they taste simply magnificent. The hearty log cabin atmosphere puts everyone in a fine, cheerful mood.

A rest after a walking tour through the Black Forest.
– Can there be anything finer?

A cellar full of bouquet, or round the world in 80 wines.

A good wine is an absolute must with a fine meal. Our sommelier Stéphane Gass is an expert when it comes to rounding off each course with an excellent vintage. Enjoy the ride while he takes you off on a trip through the decades, passing through the world's most outstanding wine regions.

The Traube Tonbach wine cellar has more than 36,000 wines and diverse rarities waiting to be discovered by you.

Learn to cook. From the best.

For those who appreciate fine food and would like to take their own cooking skills to the next level, we warmly recommend a cookery course with top-class chef Henry Oskar Fried. Our deputy culinary director demonstrates key cooking techniques and secrets to a small group of gourmets. Together they compile a menu that is subsequently enjoyed in style, accompanied by an exquisite wine.

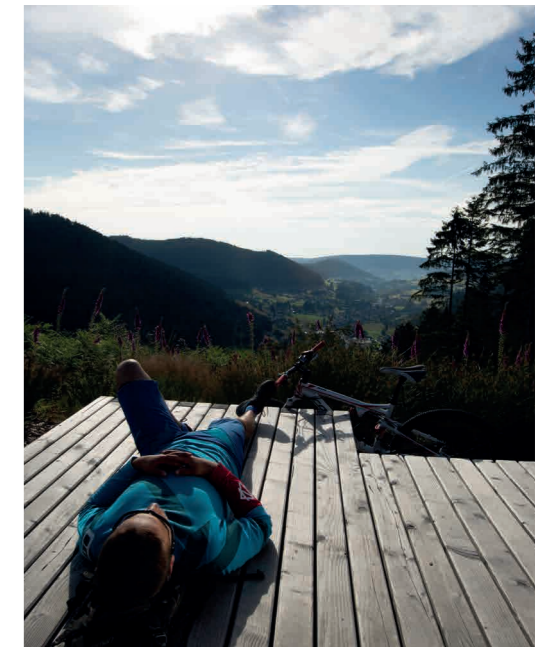

Keep active. Whatever the season.

In summer temperatures, the Black Forest is superb.
And in the fresh autumn air, too, there is
nothing finer than a walking tour.
Enjoy an active holiday – make the most
of the opportunities offered at the hotel
and surrounding area.

Exercise is the best form of relaxation.

Whatever the season, we offer sports activities that give you enormous pleasure and do your body and soul a world of good. In addition to magnificent walking tours that take you from Traube Tonbach into the Black Forest, we also consistently offer yoga weeks, cardio courses, body styling, guided hikes and soccer camps for children. And you can of course hire a mountain bike or an e-bike from us if you prefer to explore the woods from a saddle.

A holiday at Traube is all about family time.

At Traube Tonbach, both young and old find the space they need to relax and enjoy themselves. While the parents indulge themselves in the sauna, the little ones are well looked after at the childcare centre and the not-quite-so little ones are out and about in the hotel grounds. In the evening, the whole family comes together for a meal to enjoy the fine culinary arts and service offered by our restaurants.

The great outdoors is just one step away.

The idyllic Tonbach valley is perfect for an active family holiday. Children both big and small have the time of their lives here, discovering lots of new pastimes, games and sports opportunities along the way – both indoors and outdoors, whether on our playground or on outings into the surrounding countryside. There's simply always something new to discover.

At the heart of the forest, everything is in motion.

Traube Tonbach is a rich source of replenishment in the middle of the Black Forest. Here you will find everything you need to recharge your batteries for fresh vitality and strength.
