HEILIGENDAMM

THE WHITE TOWN BY THE SEA

A trip to Heiligendamm is an unforgettable experience at any time of the year. Away from the major motorways, flower meadows and centuries-old avenues of lime trees line the route to Heiligendamm for miles. You soon sense a salty tang in the air and how everyday life seems to become ever more distant in this unique landscape.

Impressively framed by the sea, coast and dense beech forests, the Grand Hotel Heiligendamm radiates a bright light in its historical setting. It is no accident that Heiligendamm has long been called the „White Town by the Sea“. But it's more than just that: it is a world of its own. A world without compare.

THE BIRTH OF A LEGEND

In 1793, Grand Duke Friedrich Franz I of Mecklenburg-Schwerin took the advice of his personal physician, Prof. Dr Samuel Gottlieb Vogel, and bathed at the „Heiliger Damm“ or „Holy Dam“ on the Baltic coast, thus marking the birth of Germany’s first seaside health resort. Since its beginnings, Heiligendamm has always been Germany’s most elegant seaside resort.

This is where the high nobility of Europe and the Tsar’s family spent their summer holidays. Heiligendamm was an exclusive seaside resort with many prominent guests and, for the society of the time, it was seen as fashionable to have visited it at least once in a lifetime. After three years of true-to-detail reconstruction, the

Grand Hotel Heiligendamm re-opened on 1 June 2003, ringing in the rebirth of Germany's oldest seaside health resort. Six hotel buildings in the neo-classical style and unique historical villas form a chic place where you can find new inspiration for your body, mind and soul along with time for leisure and rest.

GOURMET DELIGHTS AT THE SEASIDE

Gourmets will enjoy real culinary pleasure in the White Town by the Sea. The elegant Kurhaus Restaurant offers creative cuisine using fresh ingredients from the surrounding region. As we always desire to be able to spoil you with food of the highest quality and freshness, we source many of our ingredients, such as our breakfast eggs, from sustainable sources. For those wishing to savour masterful creations, there's the gourmet restaurant „Friedrich Franz“, which has been awarded a Michelin star. Enjoy sushi, sashimi and a variety of soups and salads in our sushi bar while enjoying a fantastic view of the Baltic Sea. And while you are there, refresh yourself with an Asian beer, a glass of sake or one of our excellent Asian cocktails. Our Nelson Bar in the Grand Hotel building offers

speciality teas and coffees, home-made cakes, fine fondues, Indian curries, hearty grilled specialities as well as live music in the evenings. Experience culinary art at the seaside while enjoying atmospheric barbecues or a romantic dinner on the beach.

TIME TO DREAM

The Grand Hotel Heiligendamm has a total of 181 rooms, 61 of them suites, with a view of either the Baltic Sea or the scenic park. Top quality beds with first-class mattresses and individual pillows ensure you get a wonderfully healthy and relaxing night's sleep.

With loving attention to detail, all rooms unite modern luxury and timeless elegance. The light gives everything a bright and airy atmosphere: hand-crafted fabrics made of the finest materials, furniture made of select natural woods and baths made of natural stone. The muted colours of the rooms pick up on the play of colours of the natural landscape in Heiligendamm: the sea, sand and woods.
