LOUTRAKI

The background image is a composite of three scenes. The top left shows a couple walking on a sandy beach with waves in the background. The top right shows a dense green forest with a large tree branch in the foreground. The bottom half of the image shows a clear blue bay with a white boat with a canopy and a smaller blue boat. A yellow buoy is visible in the water, and a rocky outcrop is in the foreground near the shore.

the RESORT DESTINATION

The **Town** has a long tradition as one of the most popular tourist resorts in Greece. Quick and easy access from Athens and the short distance from the most significant archaeological sites of Southern Greece (Epidaurus, Mycenae, Acropolis, Sounion, Olympia, Mystras and others), make Loutraki an ideal destination for carefree holidays.

a **Beautiful Natural Environment**, attractive beaches awarded a blue flag and the famed natural mineral water of Loutraki, give this region a special charm that visitors never fail to appreciate.

Loutraki stands on the site of the ancient town of Thermon, along the length of a charming 4 kilometer beach on the shores of the Corinthian Gulf, beneath the foothills of the Geraneia Mountains.

It is considered the most ancient bathing resort in Greece for its Thermal Springs and has been characterized as a Spa since 1925.
