KOEPELKERK

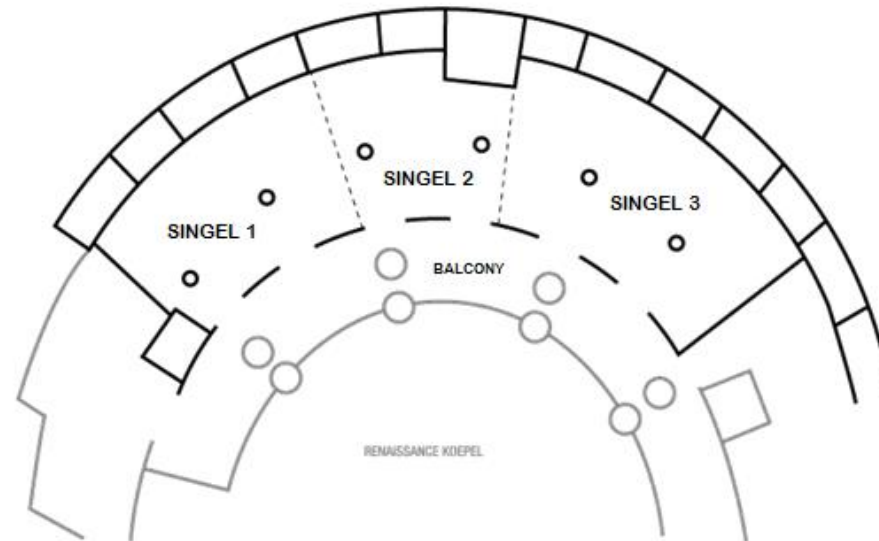

An aerial photograph of the Koepelkerk (Dome Church) in Amsterdam, Netherlands, during sunset. The large, dark, ribbed dome is the central focus, topped with a lantern and a cross. The building's base is made of brick and features several windows. In the foreground, a curved roof with a green patina is visible. The background shows a dense urban landscape with various buildings and a church spire in the distance under a soft, orange and pink sky.

... and more.

THE RESULT

ONE DESIGN, THREE CHARACTERS

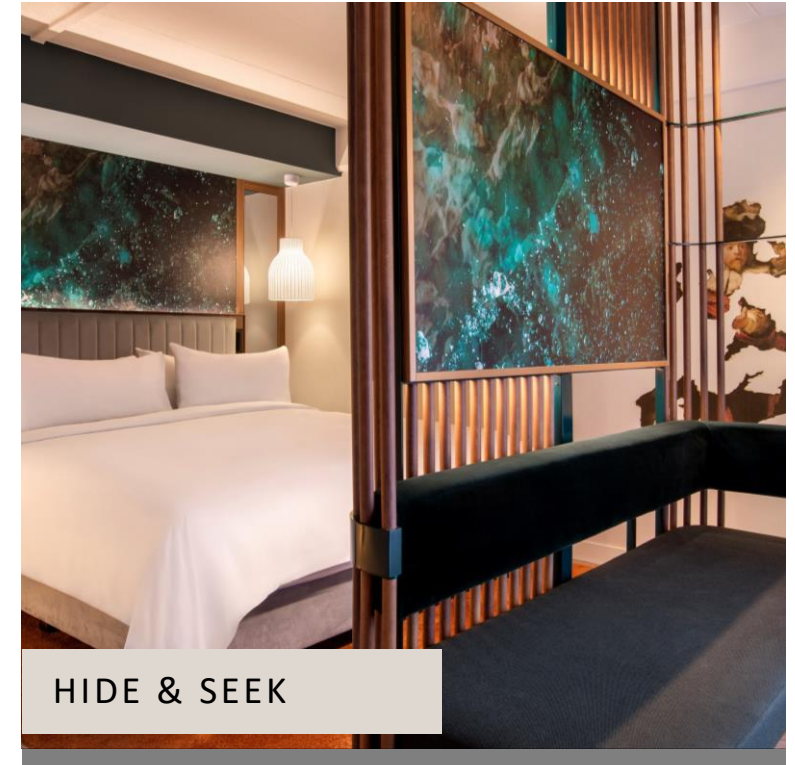

Each **design** has its own personality, layout, and inspiration. The colours were inspired by Rembrandt's own colour palette— dark, powerful, sustainable, and natural. The design of each room is a homage to a different facet of Dutch wanderlust.
